

CLASSIC

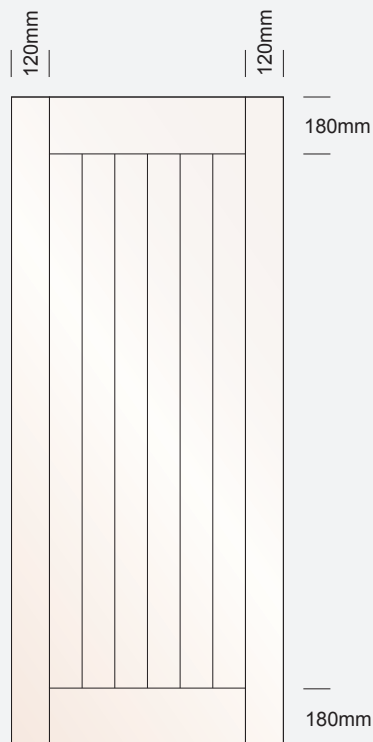

NOTES - CLASSIC BARN DOORS

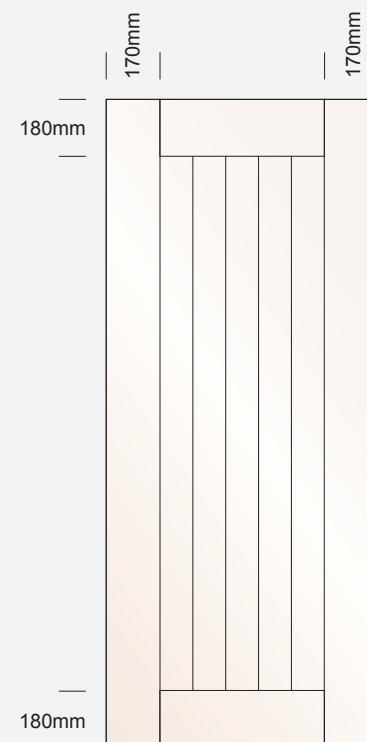

Both faces are the same.

The Classic Range is **NOT** compatible with steel reinforcement.

PREMIUM - FRONT

PREMIUM - BACK

NOTES - PREMIUM BARN DOORS

Both faces are slightly different to compensate for the edges of the door that are obscured by the door frame on the back face.

The Premium Range is compatible with steel reinforcement.

Steel inserts are placed 90mm in from each side & 175mm from the top and bottom of the door.

Steel inserts are 12.7mm wide.
